Thermostatic Bar Valves

Our thermostatic bar valves are manufactured from brass and chrome plated. With dual control the flow and temperature are controlled separately. See pages 62-63 for Slide Rail Kits which complement the bar valves.

Traditional Valve

Minimum Operating Pressure 0.5 Bar

**Twin Concealed Valve**

The twin concealed shower valve will operate one shower accessory - a fixed head or a slide rail kit.

**Triple Concealed Valve**

The triple concealed shower valve will operate two shower accessories - these can work separately or run at the same time.

**Features**

- Flow and temperature are controlled separately
- Thermostatic cartridge maintains showering temperature to +/- 1 °C
- Ceramic disc flow control cartridge
- Automatic shut-off in the event of cold water supply failure, to prevent scalding
- Temperature factory set to a 38°C to eliminate the ability to select an unsafe temperature

**Additional Features**

- Our Concealed shower valves benefit from built in isolating valves that enable the product to be serviced from the front without disrupting the supply.
- A discrete spirit level placed on the internal valve body enables quicker installation.

All Concealed Valves are WRAS approved with the exception of Equate & Observa Matt Black Valves

### Guarantee Information

Niagara® guarantee covers all manufacturing defects. The guarantee requires that this product be used in the manner for which it was intended and that it is installed & maintained in accordance with the fitting instructions and local water bylaws. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. All Niagara® chrome taps, shower sets and shower valves carry a 10 Year Guarantee. Diverters, cartridges, hoses, handsets, headsets, bath wastes and products with finishes other than chrome are covered by a 2 year guarantee. To register your guarantee visit: [www.niagarabathrooms.co.uk](http://www.niagarabathrooms.co.uk)

### Prices

The prices included within this brochure supercede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices shown are inclusive of VAT and are subject to alteration without notice.

### Errors & Omissions

In the interest of continuing design and development and product improvement, Niagara® reserve the right to change colour, designs and product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

### Measurements

All dimensions can be found on our website, they are provided as guidance only.

### Wastes

Wastes are not supplied with freestanding taps, wall mounted taps, bath taps, bath fillers and bath shower mixers.

### Cleaning Instructions

Clean with a soft cloth and avoid surfactants and heavily perfumed products. Do not use abrasive scrubbing cleaners or equipment for cleaning.
